ARTICLE 5 - *Permanent establishment* - 1. For the purpose of this Agreement, the term “permanent establishment” means a fixed place of business in which the business of the enterprise is wholly or partly carried on.

(i) he has and habitually exercises in that State, an authority to conclude contracts for or on behalf of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise; or

(ii) he habitually maintains in the first-mentioned Contracting State a stock of goods or merchandise belonging to that enterprise from which he regularly fulfils orders on behalf of the enterprise.

5. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business. However, when

the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, he would not be considered an agent of an independent status within the meaning of this paragraph.

6. The fact that a company, which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not, of itself, constitute for either company a permanent establishment of the other.

7. An enterprise of a Contracting State shall be deemed to have a permanent establishment in the other Contracting State if it carries on a business which consists of providing the services of public entertainers (such as theatre, motion picture, radio or television artistes and musicians) or athletes in that other Contracting State unless the enterprise is directly or indirectly supported, wholly or substantially, from the public funds of the Government of the first-mentioned Contracting State in connection with the provision of such services.

### **CHAPTER III - TAXATION OF INCOME**

ARTICLE 6 - *Income from immovable property* - 1. Income from immovable property may be taxed in the Contracting State in which such property is situated.

2. The term "immovable property" shall be defined in accordance with the law and usage of the Contracting State in which the property is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, oil wells, quarries and other places of extraction of natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph (1) shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs (1) and (3) shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of professional services.

ARTICLE 7 - *Business profits* - 1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

2. If an enterprise of a Contracting State, which has a permanent establishment in the other Contracting State, sells goods or merchandise of the same or similar kind as those sold by the permanent establishment or renders services of the same or similar kind as those rendered by the permanent establishment, the profits of such activities may be attributed to the permanent establishment unless the enterprise proves that such sales or services are not attributable to the activity of the permanent establishment.

3. Where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment. In any case, where the correct amount of profits attributable to a permanent establishment is incapable of determination or the ascertainment

thereof presents exceptional difficulties, the profits attributable to the permanent establishment may be estimated on a reasonable basis.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph (3) shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles laid down in this Article.

5. In the determination of the profits of a permanent establishment, there shall be allowed as deductions, expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, but this does not include any expenses, which, under the law of that State, would not be allowed to be deducted by an enterprise of that State.

6. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

7. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

8. The term “business profits” means income derived by an enterprise from the carrying on of business; but does not include income in the form of rents, royalties (including rents or royalties in respect of cinematographic films or video tapes for television), fees for technical services, management charges, or remuneration or fees for providing services of technical or other personnel, interest, dividends, capital gains, remuneration for labour or personal (including professional) services or income from the operation of ships or aircraft.

ARTICLE 8 - *Air transport* - 1. Profits derived by an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. The provisions of paragraph (1) of this article shall also apply to a share of profits from the operation of aircraft in international traffic derived by an enterprise of a Contracting State through participation in a pooled service, in a joint air transport operation or in an international operating agency.

3. For the purposes of paragraph (1), interest on funds directly connected with the operation of aircraft in international traffic shall be regarded as income from the operation of such aircraft, and the provisions of Article 12 shall not apply in relation to such interest.

ARTICLE 9 - *Shipping* - 1. Income of an enterprise of one of the Contracting States derived from the other Contracting State from the operation of ships in international traffic may be taxed in that other Contracting State, but the tax chargeable in that other Contracting State on such income shall be reduced by an amount equal to 50 per cent of such tax.

2. For the purposes of paragraph (1) of this article, income derived from the other Contracting State from the operation of ships shall mean income from the carriage of passengers, mail, livestock, or goods shipped in that other Contracting State.

3. Paragraph (1) shall not apply to profits arising as a result of coastal traffic.

ARTICLE 10 - *Associated enterprises* - Where—

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

ARTICLE 11 - *Dividends* - 1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the law of that State, but the tax so charged shall not exceed—

(a) 10 per cent of the gross amount of the dividends if the recipient is a company which owns at least 10 per cent of the shares of the company paying the dividends during the period of six months immediately preceding the date of payment of the dividends;

(b) 15 per cent of the gross amount of the dividends in all other cases.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits as well as income from other corporate rights assimilated to income from shares or any other item which is deemed to be a dividend or distribution of a company by the taxation law of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs (1) and (2) shall not apply if the recipient of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein or performs in that other State professional services from a fixed base situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case the provisions of article 7 or article 16, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company to persons who are not resident of that other State, or subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

ARTICLE 12 - *Interest* - 1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the law of that State, but the tax so charged shall not exceed 12.5 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph (2), interest arising in a Contracting State and paid to the Government of the other Contracting State Bank or local authority thereof, the Central Bank of that other Contracting State, or any agency wholly owned by that Government or local authority shall be exempt from tax of the first-mentioned Contracting State.

In such a case the provisions of article 7 or article 16, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political sub-division, a local authority or resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by that permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

7. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 13 - *Royalties* - 1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the law of that State, but the tax so charged shall not exceed 20 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this article means payments of any kind received as a consideration for the use of or the right to use, any copyright of literary, artistic or scientific work (including cinematographic films, and films or tapes for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs (1) and (2) shall not apply if the recipient of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. 6. Where owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this article shall apply only to the last-mentioned amount. In such a case, the provisions of article 7 or article 16, as the case may be, shall apply.

5. Management or professional fees shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political sub-division, a local authority or a resident of that State. Where, however, the person paying the management or professional fees, whether he is a resident of that State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the management or professional fees was incurred and such management or professional fees are borne by such permanent establishment, then

such management or professional fees shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the management or professional fees paid having regard to the services for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this article shall apply only to the last-mentioned amount. If the employment is so exercised such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph (1) remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if—
